Plateau™

With graceful intention, Steelite introduces the stunning new Plateau collection designed by award-winning Martin Kastner for Crucial Detail. This timeless, subtle design seamlessly marries form and function creating a fresh take on a blank canvas for chefs everywhere.

Elegant in its simplicity, this collection lifts the flat plate above the table's surface for ease of transport without compromising presentation. A subtle relief in the centre allows chefs to build on the high and low points of each piece, creating a gentle play of light and shadow on a pure geometric form. Elevate your own presentations with Plateau.

Parentheses™

Bringing the chef's presentation to sharp focus is what first inspired the Parentheses collection by Crucial Detail. Just as attention is centred on wording within a parentheses in text, so is emphasis drawn to the food when plated on a Parentheses piece. Smooth, clean lines of each piece ensure the guest's attention to aesthetic is where it should be – your food.

Toolkit™

The Crucial Detail toolkit offers the most radically different means of presenting food seen anywhere in the world today. A collection of high-strength wire and glass is combined to create pieces which can suspend your food and your belief. Use pieces such as the Peacock to take the diner through a taste experience unlike any other or use the Eye to deliver a frozen delicacy by first freezing the glass element of the piece.

A truly inspirational way of presenting food, this collection epitomises the design ethos of Martin Kastner – beautiful form with simple, intuitively identifiable function. Crucial Detail.
