# WARWICK CASTLE

## INTRODUCTION

Located in the heart of Warwick, Warwick Castle is a medieval castle developed from an original built by William the Conqueror in 1068.

One of the most famous castle's in the world, the history of Warwick Castle is steeped in treachery, murder, mystery and intrigue.

Today if you visit the castle you can experience one thousand years of jaw-dropping history, great battles, ancient myths, spellbinding tales and more.

## AFTERNOON TEA

For the first time, Warwick Castle now offers guests the opportunity to enjoy a three-course Afternoon Tea.

Served in the recently refurbished State Dining Room every Saturday and Sunday until November, afternoon tea is served on the Chelsea pattern of Royal Crown Derby bone china.

The splendid State Dining Room has hosted the last seven monarchs and partakers of afternoon tea will be in good company, joining royalty (including King George VI, Queen Elizabeth the Queen Mother in 1951 and HRH Prince Charles in 2014), high statespersons (US President Theodore Roosevelt in 1910) and movie stars (Cary Grant and Grace Kelly in the 1950s) who have all taken afternoon tea at the Castle.

---

"When I was shown Royal Crown Derby as an option for our afternoon tea service I knew we had found the perfect solution.

The delicate design adds that finishing touch to our high end product, adding a sense of occasion and class to service.

There is an appreciation and respect for the product by both staff and guests, something special delivered to the table."

---

Rob Draper,  
Head Chef at Warwick Castle

## MEDIEVAL GLAMPING

Medieval Glamping is normal Glamping but with a Warwick Castle twist! Fully set-up, ready-to-sleep Medieval Tents along with evening entertainment, Grand Banqueting tent, onsite toilets and heated showers, priority entrance and a host of other great guest benefits.

Our unique Craft range can be found in use in all areas of the Glamping experience, from tea and coffee service in a morning, to the medieval dinner feast in the evening in the medieval village banqueting hall.

"We've recently launched medieval glamping and Warwick Castle and use Craft for our tea/coffee, breakfast and dinner service. The range is very authentic and ties in extremely well with what we wanted to deliver. We do service twice a day, with cups free flowing.

The product is very durable and takes whatever we throw at it. I wouldn't buy anything else other than Steelite for use at Warwick or wherever I work in the future."

Rob Draper,  
Head Chef at Warwick Castle
